Programme overview
Whe MSc in Accounting and Finance provides theoretical understanding and key skills to further your career in accounting or finance-related professions. We aim to equip you with essential accounting and finance capabilities, including critical analysis, research and advanced expertise.

Our MSc is designed to give students a specialist education in accounting and finance. It will provide you with an understanding of international accounting standards, global financial markets and the factors behind success and failure in different organisations. The programme will also help you to develop practical skills such as the ability to evaluate financial statements, estimate fair values and compare different investments.

Programme modules/courses
You will take two core courses in the first semester and one additional core course in the second semester. During both semesters, you will also be able to choose specialised elective courses. The final degree project (Master’s thesis) is written over the second half of the second semester and is overseen by an academic supervisor. The programme is structured to allow you to gain a strong foundation in accounting and finance, whilst allowing you to specialise and tailor your studies towards your chosen career path.

EXAMPLES OF MANDATORY COURSES AND NUMBER OF CREDITS:
Financial Analysis and Corporate Valuation (5); Accounting and Management Control (5); Financial Accounting and Communication (5). Examples of elective courses and number of credits (subject to availability): Performance Measurement and Management (7.5); Accounting and Management Control in Different Contexts (7.5); Auditing, Assurance and Compliance (7.5); Corporate Valuation (7.5); Designing Finance (7.5); Financial Analysis and Corporate Restructuring (7.5). All students complete the programme with a degree project (Master’s thesis) corresponding to 15 credits.

Career prospects
Career opportunities are broad and extensive in the areas that are at the core of this programme. After graduation you will be able to work both nationally and internationally as, for example, a financial analyst or investment banker, in internal audit, assurance, management consultancy, or as a chief financial officer (CFO), controller, treasurer, or other financial-management functions depending on your selected track.

SELECTION CRITERIA/ADDITIONAL INFO
Selection is based on academic qualifications and statement of purpose.

We look for undergraduates with excellent results from an internationally recognised university. When assessing your academic record, we take into account your grade average, position in class, your statement of purpose and the standing of the institution where you studied your qualification.

Undergraduates are recommended to have a minimum average grade equivalent to 3.0 in cumulated grade point average (CGPA) out of 4, C in the ECTS grading scale, and B in the American grading scale.

Strong English language communication skills are crucial to gain the full benefit of the programmes we offer. Meeting the minimum English language test requirements does not guarantee admission. A majority of students accepted to this programme submit test scores corresponding to IELTS band 7.0.

TUITION FEES
There are no tuition fees for EU/EEA citizens. For non-EU/EEA citizens the tuition fee for this programme is SEK 120 000 per year. See www.lunduniversity.lu.se for details on tuition fees.
