Programme overview
The Master’s in Economics opens doors to a wide range of careers as an economist, consultant, analyst and advisor and graduates are able to pursue careers in both the public and private sector. The programme provides you with deepened and thorough knowledge of modern economic theories, concepts and techniques and their applications. You will acquire the necessary tools to undertake advanced economic analysis and gain specialised knowledge in your specific field of interest. You will also become familiar with state-of-the-art research in each particular field of specialisation and learn important research techniques.

The first year is designed to give you sound knowledge of the basic methods of advanced economics and to allow you to specialise in a specific area of interest, as well as enabling you to apply your knowledge to analyse real world problems. The second year further deepens this knowledge, broadens the areas of interest and introduces you to research methods.

Programme modules/courses
A unique feature of the Master’s programme in Economics is the ability to tailor your degree in a direction of your interest. You can choose from different specialisations:
• Econometrics
• Financial Economics
• International and Development Economics
• Macroeconomics
• Microeconomics
• Public Economics with Health and Labour Economics

This programme design allows for a large degree of flexibility. Whilst free choice within the specialisation courses will be allowed as long as the specific prerequisites for the course are satisfied, it is expected that most students will follow these recommended profiles.

CORE COURSES (30 credits in total): These are core courses for all students within the programme and you study them during your first semester: Advanced Econometrics; Advanced Macroeconomic Analysis; Advanced Microeconomic Analysis; Mathematical Methods.

SPECIALISATION COURSES (including elective courses): 60 credits in total.

MASTER’S DEGREE PROJECT/THESIS: 30 credits in total.

Career prospects
Our Master’s in Economics will qualify you for advanced positions within the private and public sectors. Graduates find employment in the financial sector such as commercial banks, insurance companies, and stock exchanges, in government authorities and public institutions, in the health sector, in large companies and private research centres. Economists are in constant demand in many international institutions, for example the UN, ILO, EU, ECB, OECD, IMF, the World Bank and various aid agencies such as SIDA.

The programme also provides excellent preparation for PhD studies.

Entry requirements and how to apply
ENTRY REQUIREMENTS
An undergraduate degree (BA/BSc) with at least 60 credits in economics, which must include courses in intermediate microeconomics and econometrics (quantitative methods), or the equivalent knowledge. English Level 6 (equivalent to IELTS 6.5, TOEFL 90). See www.lunduniversity.lu.se for details on English levels.

“The Master’s in Economics combines economic theories and how to apply those theories to solve real life problems. It gives you a solid foundation in core economics, while you also have an option to specialise in one area of interest. The programme is equally suitable for graduates looking for positions in the corporate world, as it is for those who want to pursue a PhD.”

Dodou Saidy, from Gambia
HOW TO APPLY
1. Apply online: Go to www.lunduniversity.lu.se/economics. Click on “Apply” and follow the instructions for the online application at www.universityadmissions.se, the Swedish national application website. Rank the chosen programmes in order of preference.

2. Submit your supporting documents:
   • General supporting documents: Check what documents you need to submit (i.e. official transcripts, degree diploma/proof of expected graduation, translations, proof of English, passport) and how you need to submit them at www.universityadmissions.se.
   • Programme-specific supporting documents: We do not require a GMAT or GRE score, but a well-balanced score may strengthen your application to this particular programme. GMAT code, School of Economics and Management, Lund University: 8VR-PL-07. Lund University does not have a GRE code. You are welcome to submit a certified copy of your GRE test result directly to University Admissions in Sweden.

3. Pay the application fee (when applicable).

SELECTION CRITERIA/ADDITIONAL INFO
We look for undergraduates with excellent results from an internationally recognised university. Selection is based on academic merits from university studies. This implies that an assessment will be made of the grades from previous studies at the undergraduate level. In this assessment special weight will be given to grades for courses that prepare students for the core courses in economics of this study programme. We also take into account the standing of the institution where you studied your qualification.

TUITION FEES
There are no tuition fees for EU/EEA citizens. For non-EU/EEA citizens the tuition fee for this programme is SEK 120 000 per year. For details see www.lunduniversity.lu.se

About the School of Economics and Management
The activities within Lund University School of Economics and Management cover research and education in business administration, business law, economic history, economics, informatics, and statistics, as well as research policy. About 4 100 students and 400 researchers, teachers and other staff members study and work at the School.

The School of Economics and Management provides a well-profiled, research-based education that is international and multidisciplinary in nature and helps equip our students to hold key positions in industry and society in an increasingly globalised world. Our students can choose from a wide range of specialist subjects and attend lectures by some of our best researchers, international guest professors, and business leaders from a broad spectrum of sectors and organisations.

About Lund University
Lund University was founded in 1666 and is repeatedly ranked among the world’s top 100 universities. The University has 42 000 students and 7 400 staff based in Lund, Helsingborg and Malmö. We are united in our efforts to understand, explain and improve our world and the human condition.

Lund is the most popular study location in Sweden. The University offers one of the broadest ranges of programmes and courses in Scandinavia, based on cross-disciplinary and cutting-edge research. The compact university campus encourages networking and creates the conditions for scientific breakthroughs and innovations. The University has a distinct international profile, with partner universities in over 70 countries.
