A clear and well-structured CV should include the following headings, with subsequent and relevant information under each.

### Education

– should include completed and ongoing *university* degree studies. Include the following information for each degree:

- ✓ Name of institution/university
- ✓ Name of the degree
- ✓ Grade Point Average or the equivalent, if available
- ✓ Date starting and date ending
- ✓ ECTS or the equivalent

### Work experience

– should include completed and ongoing employments. Include the following information for each employment:

- ✓ Name of employer
- ✓ Type of work
- ✓ Date starting and date ending

### Volunteer work

– should include completed and ongoing volunteer work. Include the following information for each experience:

- ✓ Name of organization
- ✓ Type of volunteering
- ✓ Date starting and date ending

## Research experience

– should include completed and ongoing research projects that you have been involved with. Include the following information for each project:

- ✓ Name of institution/university
- ✓ Your role within the project
- ✓ Date starting and date ending

## Publications

– should only include already publicized material. Include the following information for each publication:

- ✓ Publication reference
- ✓ Date of the publication

LUND UNIVERSITY  
Faculty of Medicine

# Master's Programme in Public Health

---

FACULTY OF MEDICINE | LUND UNIVERSITY

## Statement of Purpose/ Minor assignment

We would like you to answer the following question:

Which two *public health issues* of global concern intrigue you, and how would you like to approach them?

Use *no more than 800 words* in total (i.e. for both issues combined).
