Fulfilment of entry requirements

List your university courses that correspond to each specific entry requirement below. If the course name does not include the specific entry requirement, please add the official course/module description/syllabus as an appendix to this document and tick the box for that course.

If you are going to use the same course to cover two separate entry requirements, please estimate how many of the ECTS credits from this course that cover each entry requirement, based on the content of the course, and give that number in the ECTS box (for example 3 ECTS from a 10 ECTS course). You cannot list the same credits twice.

Questions? Please check our FAQ on <https://www.lth.se/english/study-at-lth/masters-programmes-in-english/faq/> . Here you can also find guidelines on how to convert local credits into ECTS.

Algebra and calculus (minimum 20 ECTS)
