## Fulfilment of entry requirements

List your university courses that correspond to each specific entry requirement below. If the course name does not include the specific entry requirement, please add the official course/module description/syllabus as an appendix to this document and tick the box for that course.

If you are going to use the same course to cover two separate entry requirements, please estimate how many of the ECTS credits from this course that cover each entry requirement, based on the content of the course, and give that number in the ECTS box (for example 3 ECTS from a 10 ECTS course). You cannot list the same credits twice.

Questions? Please check our FAQ on <https://www.lth.se/english/study-at-lth/masters-programmes-in-english/faq/> . Here you can also find guidelines on how to convert local credits into ECTS.

University courses in mathematics, including calculus in one and several variables, linear algebra, systems and transforms and probability theory and statistics (minimum 30 ECTS)\*

Course Name	Year/term completed (or indicate if planned/ongoing)	Number of ECTS	Syllabus included
ECTS Sum		_____/30 ECTS	

At least one university course in basic skills in object-oriented programming\*

Course Name	Year/term (or indicate if planned/ongoing)	Number of ECTS	Syllabus included

\*If you need space for more courses, please continue the list in a separate document.

If you wish to explain any of your conversions to ECTS or calculations of credits, please do so below:
