

- Master of Music
- 2 years, full-time, 120 ECTS credits
- The Malmö Academy of Music
- Malmö campus
- Application deadline: January 2025
- Programme start: August 2025

PROGRAMME OVERVIEW

The Master's Performance programmes in Music offer a wide range of specialisations and prepare musicians and composers for a professional career within different fields of music. Students in these programmes will find a study environment that promotes the highest possible development of their artistic potential.

The tuition consists of a mix between individual and group teaching sessions, seminars, lectures, and workshops/master classes. Students should also expect individual assignments like exercises and preparations as well as playing in ensembles of different sizes and in different settings. If you play an orchestral instrument, you will also participate in Malmö Academy of Music's Symphony Orchestra, which does six productions each academic year.

The teachers at Malmö Academy of Music are all distinguished musicians with prominent music careers, both nationally and internationally, as soloists, ensemble/orchestra musicians or composers.

As a future student, you can choose between the following specialisations: Composition, Composition – Scoring for Film and Media, Guitar (classical), Harpsichord, Jazz/Improvisation, Music Drama – Répétiteur, Piano (classical), Recorder, Symphony Orchestra Instruments, Vocal Studies (classical) and Vocal and Drama Studies. Each of our specialisations will prepare you for future as a professional musician or composer..

ENTRY REQUIREMENTS AND HOW TO APPLY

Entry requirements

Bachelor's degree in music or equivalent and approved admission tests.

How to apply

The applications to Malmö Academy of Music's programmes takes place in two steps:

1. Apply online and submit your supporting documents to University Admissions in Sweden:

- **Apply online:** Go to www.universityadmissions.se, the Swedish national application website, and find your programme. Click on "Apply" and follow the instructions for the online application. Rank the chosen programmes in order of preference.

- **Submit your supporting documents:** Check what documents you need to submit (i.e. official transcripts, degree diploma/proof of expected graduation, translations, proof of English, passport) and how you need to submit them at www.universityadmissions.se.

- **Pay the application fee (when applicable)**

2. Send work samples to Malmö Academy of Music:

Admission tests usually take place in the beginning of March each year. Find further information about the application process as well as deadlines and audition instructions for your specialisation on <https://www.mhm.lu.se>.

Selection criteria/additional info

Selection of students is based on admission tests.

Tuition fees

Tuition fee SEK 190 000 per year for non-EU/EEA citizens. No fee for EU/EEA citizens. See www.lunduniversity.lu.se for details on tuition fees.

“Malmö Academy of Music has a fine tradition in bassoon education, mostly because of its prominent teachers who are great musicians – working in professional Swedish orchestras – as well as teachers and people, which makes Malmö a great environment for reaching my goals. There are lots of opportunities at the academy to participate in symphony orchestra projects as well as numerous chamber music projects.”

Montserrat Aguirre Toledo from Spain, specialisation in bassoon

ABOUT MALMÖ ACADEMY OF MUSIC

Malmö Academy of Music is a leading educational institution specialised in musical studies, training, and research. We offer programmes aimed at students who want to work professionally as musicians, church musicians, composers, or music teachers. Our programmes are all individually designed to ensure that your personal goals and musical development are in focus. Our experienced teachers will also provide you with the tools you need to develop your artistry, as well as building a strong professional identity. With a clear international profile, we move art forward – always with the passion for music and learning at our core.

ABOUT LUND UNIVERSITY

Lund University was founded in 1666 and is repeatedly ranked among the world's top universities. The University has around 47 000 students and 8 800 staff based in Lund, Helsingborg and Malmö. We are united in our efforts to understand, explain and improve our world and the human condition.

Lund is considered one of the most popular study locations in Sweden. The University offers one of the broadest ranges of programmes and courses in Scandinavia, based on cross-dis-

ciplinary and cutting-edge research. The unique disciplinary range encourages boundary-crossing collaborations both within academia and with wider society, creating great conditions for scientific breakthroughs and innovations. The University has a distinct international profile, with partner universities in about 70 countries.

Lund University has an annual turnover of EUR 938 million, of which two-thirds go to research in our nine faculties, enabling us to offer one of the strongest and broadest ranges of research in Scandinavia.

The establishment of the world-leading facilities MAX IV and European Spallation Source (ESS) will have a major impact on future scientific and industrial development in both materials science and life science. MAX IV is the leading synchrotron radiation facility in the world while ESS will feature the world's most powerful accelerator-based neutron source when it will be operational by the end of 2027. These facilities together with the new University campus in Science Village will constitute a science complex and an international hub for research, education and innovation in which Lund University plays a central role.
