Programme overview
This programme combines high scientific and theoretical standards with intensive practical training within archaeology, cultural heritage and museology. You will be trained in how to excavate and document the past, how to preserve artefacts, how to analyse buildings, and how to communicate your findings and research results to a wider audience.

Special features of the programme:
- Project-based learning
- Archaeological Field School at the Viking Age site of Uppåkra
- A wide range of courses with direct link to our professors’ current research projects: Buildings as Archaeology, Digital Archaeology with Focus on GIS and Virtual Reality, and Archaeological Studies of Human Landscapes.

Programme modules/courses

**COMPULSORY COURSES:** Field Archaeology in Theory and Practice (30 credits) and the Master’s thesis (30 credits).

**ELECTIVES:** Courses offered by the Department of Archaeology or other faculties/departments. Examples of these courses include the Archaeological Theory and Material Culture, Buildings as Archaeology, Archaeological Studies on Human Landscapes, Text and Interpretation and Digital Archaeology.

Career prospects
After graduating from this programme, you will have the archaeological training, documented experience and the teamwork skills that you need to gain employment within the cultural heritage sector, as a museum curator or as a field archaeologist.

Entry requirements and how to apply

**ENTRY REQUIREMENTS**
A Bachelor’s degree specialising in one of the areas of archaeology, historical archaeology, classical archaeology and ancient history, or historical osteology. English Level 6 (equivalent to IELTS 6.5, TOEFL 90). See www.lunduniversity.lu.se for details on English proficiency levels.

**HOW TO APPLY**
1. **Apply online:** Go to www.lunduniversity.lu.se/archaeology. Click on “Apply” and follow the instructions for the online application at the Swedish national application website www.universityadmissions.se. Rank the chosen programmes in order of preference.
2. **Submit your supporting documents:**
   - **General supporting documents:** Check what documents you need to submit (i.e. official transcripts, degree diploma /proof of expected graduation, translations, proof of English, passport) and how you need to submit them at www.universityadmissions.se.
   - **Programme-specific supporting documents:** When applying for the Master’s in Archaeology, you must also submit a statement of purpose (state in no more than 300 words why you want to attend this programme and what research interests you have) when you apply to this programme.
3. **Pay the application fee** (when applicable).

“Some students come only to do the digital courses. It is amazing. We had students from Great Britain and Italy coming just for this course. We also had an older student who had been working for some time as a freelance archaeologist, and he came just for the digital part in the course so that he could add that to his freelance resume. This part of the programme is so unique that you just have to come here if you want the really thorough hands-on learning.”

Freya Roe from USA
SELECTION CRITERIA/ADDITIONAL INFO
Selection is made based on academic qualifications and the statement of purpose.

TUITION FEES
There are no tuition fees for EU/EEA citizens. For non-EU/EEA citizens, the tuition fee for this programme is SEK 100,000 per year. See www.lunduniversity.lu.se for details on tuition fees.

About the Department of Archaeology and Ancient History
Students come to us to learn more about the past and how people have lived and worked during different periods in history. They get to encounter the finds (everything from small burnt bones to grand buildings) that archaeologists have to learn to interpret correctly to approach the distant past. We offer a wide range of courses, many of which have a practical focus. Our students get to go on excursions around Skåne, encounter and work with archaeological finds, and take part in archaeological digs. We have close cooperation with the Historical Museum and Kulturen in Lund, which means that our students come into contact with archaeological material of many different kinds. The major museums in Copenhagen are also close by and we regularly make study visits there.

About Lund University
Lund University was founded in 1666 and is repeatedly ranked among the world’s top 100 universities. The University has 40,000 students and 7,400 staff based in Lund, Helsingborg and Malmö. We are united in our efforts to understand, explain and improve our world and the human condition.

Lund is the most popular study location in Sweden. Lund University offers one of the broadest ranges of programmes and courses in Scandinavia, based on cross-disciplinary and cutting-edge research. The University has a distinct international profile, with partner universities in over 70 countries.

Lund University has an annual turnover of SEK 8 billion, two-thirds of which are destined for research. Our eight faculties conduct strong research in many different areas, including over thirty research fields in which we are world-leading. Many scientific breakthroughs and pioneering innovations have originated from Lund University.

The world-leading research facilities MAX IV and ESS which are being established in Lund will be of great significance for research and industrial development within materials and life sciences. MAX IV, which was inaugurated in 2016, is the world’s foremost synchrotron radiation facility and the ESS will be the most powerful neutron source in the world once it opens for research in 2023. Science Village Scandinavia is developing nearby, destined to become a meeting place and a test environment for research, education and entrepreneurship.
