Summary sheet

MASTER´s PROGRAMME IN BIOINFORMATICS

The information you provide in this form is used for two purposes. First, it helps us assess whether you meet the entry requirements. Second, your statement of purpose, qualifications, and average grade are used during the selection process. Please complete all relevant fields, save the document, and ensure that it is readable before uploading it to your account at www.universityadmissions.se.
Did you graduate in Sweden? If so, you do not need to provide information about your average grade.

Last name

First Name

BA/BSc degree

Name of University

Country

Degree and field of study

My average grade, i.e. CGPA, if applicable

Information about the grading system; please indicate maximum grade and minimum pass grade

MSc degree (only if applicable)

Name of University

Country

Degree and field of study

My average grade, i.e. CGPA, if applicable

Information about the grading system; please indicate the maximum and minimum pass grade

For students in their last year of study: List the courses that you have not yet completed, but will complete, before you achieve your degree.
60 ECTS credits correspond to one year of full-time study.
To convert your local credits into ECTS credits, use the following formula:
Conversion Factor (CF) = (Number of years × 60) / Total number of credits

Example:
If your 3-year bachelor's degree corresponds to 120 credits in your local system:
CF = (3 × 60) / 120 = 1.5. This means that a 4-credit course in your local system corresponds to:
4 x 1.5 = 6 ECTS credits.

Name of course	Number of ECTS credits

Statement of purpose

What are your reasons for applying for this programme? Maximum 150 words

What are your career ambitions after graduating from this programme? Maximum 150 words

Qualifications from research, work or internships of relevance for the programme.

List up to 4 qualifications and upload (at universityadmissions) abstracts, work certificates or equivalent documentation.
