LUND UNIVERSITY

Summary sheet

MASTER's PROGRAMME IN MOLECULAR BIOLOGY

The information you provide in this form is used for two different purposes. First, it helps us assess whether you meet the entry requirements for the Master's programme in Molecular Biology at Lund University. Second, your average grade and statement of purpose are used as part of the selection process. Complete all relevant fields, then save the document and check that it is readable before uploading it to your account at www.universityadmissions.se.
Did you graduate in Sweden? If so, you do not need to provide information about your average grade.

Below, we ask you to convert your local credits into ECTS credits, where 60 ECTS correspond to one year of full-time study. To do this, multiply your local credits by a conversion factor (CF), calculated as follows:

CF = (number of years × 60) / total credits

Example: If your 3-year bachelor's degree corresponds to 120 credits in your system:

CF = (3 × 60) / 120 = 1.5

This means that a 4-credit course in your system corresponds to:

4 × 1.5 = 6 ECTS.

List your previous courses with number of credits in **molecular biology comprising genetics, cell biology and microbiology**.
