Programme overview
The Bachelor’s Programme in Music, Symphony Orchestra Instrument aims to educate musicians who possess a good level of artistic and professional ability. Upon completion of the programme, the student will have adequate knowledge and skills to be able to comfortably work with the musical profession’s various forms: either as a soloist, a member of an established ensemble and/or independent projects. The student will also have developed the skills necessary for continued or in-depth studies that are to a great degree autonomous. Furthermore, upon completion of the programme, the student will have acquired basic entrepreneurial skills that increase his/her professional versatility in an ever-changing cultural life. Admission is possible on the following instruments: flute, oboe, clarinet, bassoon, French horn, trumpet, trombone, tuba, violin, viola, cello, double bass, percussion and harp.

About Malmö Academy of Music
The Malmö Academy of Music has developed an international study environment. Since 1990, our efforts at organised internationalisation have firmly established the Academy’s reputation with foreign contacts stretching far beyond Scandinavia and Europe. We have over 60 institutional agreements in Europe (Erasmus, Nordplus), as well as access to Lund University’s comprehensive contracts with universities that span the globe. Both students and teachers may apply to exchange programmes that will give them new experiences and broaden their educational perspective.
Every year, the Malmö Academy of Music accepts a large number of guest lecturers and exchange students and we direct several projects in an effort to spread knowledge about the music and values of foreign cultures. In practical terms, our international efforts provide the individual student and teacher with new perspectives on their daily activities. Internationalisation leads to new experiences and constitutes an ongoing evaluation as well as quality management. The Malmö Academy of Music actively works to educate the musicians and music teachers of the future in a way that reflects the needs of a multicultural society.

About Lund University
Lund University was founded in 1666 and is repeatedly ranked among the world’s top 100 universities. The University has 40,000 students and 7,400 staff based in Lund, Helsingborg and Malmö. We are united in our efforts to understand, explain and improve our world and the human condition.

Lund is the most popular study location in Sweden. Lund University offers one of the broadest ranges of programmes and courses in Scandinavia, based on cross-disciplinary and cutting-edge research. The University has a distinct international profile, with partner universities in over 70 countries.

Lund University has an annual turnover of SEK 8 billion, two-thirds of which are destined for research. Our eight faculties conduct strong research in many different areas, including over thirty research fields in which we are world-leading. Many scientific breakthroughs and pioneering innovations have originated from Lund University.

The world-leading research facilities MAX IV and ESS which are being established in Lund will be of great significance for research and industrial development within materials and life sciences. MAX IV, which was inaugurated in 2016, is the world’s foremost synchrotron radiation facility and the ESS will be the most powerful neutron source in the world once it opens for research in 2023. Science Village Scandinavia is developing nearby, destined to become a meeting place and a test environment for research, education and entrepreneurship.
