## Statement of Purpose

Instructions: Please create a **separate document** (word or similar) in which you will answer the questions below. Please name the document "Statement of Purpose Disaster Risk Management and Climate Change Adaptation" and save it as a PDF before uploading it to your profile on University Admissions together with this sheet.

**NOTE:** These documents are required in your application. Do not forget to upload both the Summary Sheet and your Statement of Purpose.

The Statement of purpose should answer the following questions (max 10 000 characters including spaces):

1. What are your main motivation and interests in the field of Disaster Risk Management and Climate Change Adaptation?
2. What experience do you have related to the field in terms of education, employments, and volunteering etc? If applicable, how does your bachelor's degree relate to the field?
3. What do you hope to benefit from studying the programme?
4. What are your plans after completion of the programme?
